PROFESSIONAL SUMMARY

Link Light Rail Operator and technical trainer with experience in **rail operations, adult and youth education, hands-on technical instruction, and safety-sensitive environments**. Demonstrated ability to **deliver structured training, evaluate performance, maintain accurate records, and support operational excellence**. Background in Teaching, Coaching, **IT administration, and programming**, supported by a **B.S. in Computer Science**. Committed to Metro's **Culture of Care**, safety, and high-quality workforce development.

WORK EXPERIENCE

King County Metro / Sound Transit – Seattle, WA

Light Rail Operator | Feb 2025 – Present

- Operate Link Light Rail Vehicles (LRVs) in revenue and non-revenue service in full compliance with Link rules, procedures, and safety standards.
 - Respond to incidents and abnormal operating conditions; communicate clearly with LINK Control Center via radio.
 - Perform pre-trip and post-trip inspections, identify defects, and submit accurate condition reports.
 - Maintain time accountability, situational awareness, and professional customer communication during service disruptions.
 - Support Metro's **Culture of Care and Operational Excellence** in a safety-sensitive role.
-

Scale AI – Remote

AI Consultant (Contract) | Jan 2024 – Present

- Solve coding challenges and develop unit tests using Python, C++, Java, Bash, SQL, and other languages.
 - Author structured technical explanations and algorithm walkthroughs.
 - Analyze edge cases, performance issues, and software quality for clarity and correctness.
-

iCode Bellevue – Seattle, WA

Coding Instructor (Technical Trainer) | Sep 2024 – Feb 2025

- Delivered structured technical training in programming logic, robotics, and basic electronics using formal curriculum.
 - Assessed learner progress, provided feedback, and adapted instruction to varying learning styles.
 - Maintained attendance, performance documentation, and classroom safety standards.
 - Communicated progress and outcomes clearly to parents and stakeholders.
-

IQVIA MedTech – Nationwide

Field Service Agent (Contract) | Nov 2023 – Sep 2024

- Installed, tested, and troubleshoot hospital-grade electro-mechanical medical devices.
- Followed detailed procedures, safety protocols, and documentation requirements.
- Trained hospital staff on equipment operation, safety practices, and basic troubleshooting.
- Accurately documented service activities, diagnostics, and compliance records.

Holy Lamb Organics – Remote

IT Administrator Intern | Feb 2023 – Aug 2023

- Led a company-wide email migration from Outlook to Gmail with zero downtime.
- Maintained Linux-based servers and ensured system performance and security.
- Applied networking fundamentals (TCP/IP, DNS) to support daily operations.
- Documented procedures and provided technical support across departments.

Oromo Evangelical Church of Seattle – Seattle, WA

Sunday School Teacher & Audio/Visual Support | 2023 – Present

- Deliver structured lessons to diverse age groups using prepared materials and guided discussion.
- Assess comprehension and engagement; adapt teaching methods to learner needs.
- Maintain attendance and lesson organization.
